

## **Confirmation of Participation**

## Digital Entrepreneurship

by Prof. Katharina Hölzle, Dr. Robert Rose, Valeska Maul, and Nina Bachmann

The 4-week course covered the following topics:

- Scientific principles of Digital Entrepreneurship (DE) research
- A process- and mindset-based understanding of the DE journey
- A systematic view on teamwork and biases in DE collaboration
- A macro-level perspective on DE value contributions
- A topical and diverse contextualization of DE practice

The participant qualified for this confirmation by accessing more than 50% of all learning material.
